**Wall Colmonoy Ltd.** is a manufacturer of nickel & cobalt hard surfacing, brazing and cast alloys and related engineering services.

It is the policy of **Wall Colmonoy Ltd.** to conduct all business activities in a responsible manner, to respect the environment and to minimising the environmental impact of our operations and our products through the adoption of sustainable practices and continuous improvement in environmental performance.

**Policy principles**

- **Compliance** - to meet and where possible exceed applicable legislative requirements as well as other safe practices and other environmental requirements to which we subscribe in all aspects of Wall Colmonoy activities
- **Management systems** - to implement effective environmental management systems and to ensure the environmental awareness of our workforce, encouraging every employee to act in an environmentally responsible manner.
- **Continuous improvement** - to improve the environmental performance of our processes and products through research and development of new technologies, preventing and reducing emissions and releases, minimising waste and controlling noise.
- **Sustainable development** - to contribute to sustainable development by using energy, water and raw materials more efficiently, thus optimising our use of natural resources.
- **Product stewardship** - to promote the recovery, recycling and reuse of our products and waste
- **Monitoring & reporting** - to monitor/ audit environmental performance and to report progress on policy objectives and improvement targets on a regular basis.
- **Suppliers & contractors** - to encourage suppliers and contractors to behave in a responsible manner and to maintain sound environmental practices.
- **Local communities** - to respond to the concerns of local communities and other interested parties on environmental issues and to respect the general environment in and around our site.

Management accepts these environmental responsibilities as an important priority and will ensure the availability of necessary resources.

All employees are expected to carry out these responsibilities within the context of their particular assignment and to co-operate and participate in company efforts to promote a safer and healthier environment for all.

This Policy will be subject to annual review, will be communicated to all persons working for or on behalf of WCL and made available to all other interested parties.

Norman Allnatt – Managing Director  
Wall Colmonoy Ltd. (UK)
